CITIZENS' COMMENTS

A citizen expressed her appreciation for the North Cemetery and South Cemetery being mowed since the last board meeting. She said that the cemetery looked a lot better this month.

A separate citizen expressed her continued frustration with the upkeep of the North Cemetery and South Cemetery. Pots with artificial flowers in them were removed from the groundskeeper towards the end of September. She said this has happened two years in a row with her flowers. A discussion ensued about the cemetery rules and the groundskeeper's timeline every year.

Commissioner Gisler raised awareness of [PropertyFraudAlert.com](https://www.propertyfraudalert.com) and provided literature about the free resource to the individuals attending the meeting. This resource allows individuals to be notified if a deed is filed against your property. He then provided an example from his personal life where [PropertyFraudAlert.com](https://www.propertyfraudalert.com) successfully notified him of such an incident.

Commissioner Gisler also shared with the group that the County administration is exploring the prospects of acquiring a new admin building. They are considering several different options, including renovating the existing building, purchasing a vacant lot and constructing a new building, or acquiring an existing structure that is already in place.
