

WAKESHMA TOWNSHIP
PLANNING COMMISSION MEETING
Monday, January 14, 2013 7:00 PM

The quarterly meeting of the Wakeshma Township Planning Commission was called to order by Chairperson Jerry Hamelink at 7:05 PM. Present at the meeting, in addition to Chairperson Hamelink, were members Delbert Burr, Kipp Bastien and Barbara Thole. There is a vacancy on the commission due to the resignation of Jim Deming to become Township Supervisor.

The minutes and resolution of the meeting held on 10/8/12 were distributed to the members and after consideration a motion was made by Kipp Bastien and supported by Delbert Burr to accept the October 8 minutes. The motion was approved.

Trustee Thole, board representative on the Planning Commission, gave a report on the regular board meetings of December 2012 and January 2013 to the Planning Commission members. Chris Grey will be the new member of the Planning Commission replacing Jim Deming.

A zoning questionnaire was passed out to the members for their input per the request of Supervisor Deming.

Township Attorney Craig Rolfe has informed the Township Board that he would be able to re-do the township zoning ordinances for a cost of \$2500.00 - \$3000.00. The Planning Commission recommended that it be allowed to review and give input on the zoning ordinances before they are turned over to the attorney to be redone, if that is the decision of the regular township board. The Planning Commission would request that a special meeting be held if necessary in order to complete this review of the zoning ordinances.

A motion was made by Burr and supported by Bastien to adjourn the meeting. The motion was approved. The meeting adjourned at 8:30 PM.

Respectfully submitted:

Barbara Thole, Secretary for Planning Commission
